Press Release

National Fuel Pass will be implemented islandwide from Tuesday 26th July in Multiple locations at CEYPETCO & LIOC. The system will be in place with the Last Digit of Number Plate. Stations not equipped or has technical difficulties will follow the last digit & fuel quota allocation. 60% of the fuel stations has been equipped & tested and will be given a priority in fuel distribution. We request all fuel station owners at CEYPETCO & LIOC to adopt the system immediately & distribution will be strictly enforced to fuel stations with the QR facilities only by Monday 1st of August 2022. We request the public to register with National Fuel Pass & Support the initiative.

More options will be given to users to register multiple vehicles with their business registration by the end of the week and to Government institutes to register vehicles. Divisional secretaries will be given access to the platform to register generators, gardening equipment & other equipment that requires fuel. Police Department and Divisional secretaries will be given access to register three wheelers, allocating each three wheeler to one specific fuel station.

Ministry of Transport will be given access to register Busses allocating them to depots or fuel stations accordingly. Other services such as Health, Agriculture, Fisheries, Tourism, Industries & Service providing sectors will be given access to the system to register their requirements and allocation of vehicles at fuel stations.

From the 1st of August only the QR system based quota will be in place & the last digit of number plate system and other allocations will be invalid.

Further, National Youth Corps, National Youth Service Council members and volunteers will assist the program at fuel stations in the next 10 days.
